SESSIONS

SKATEBOARD SHOP

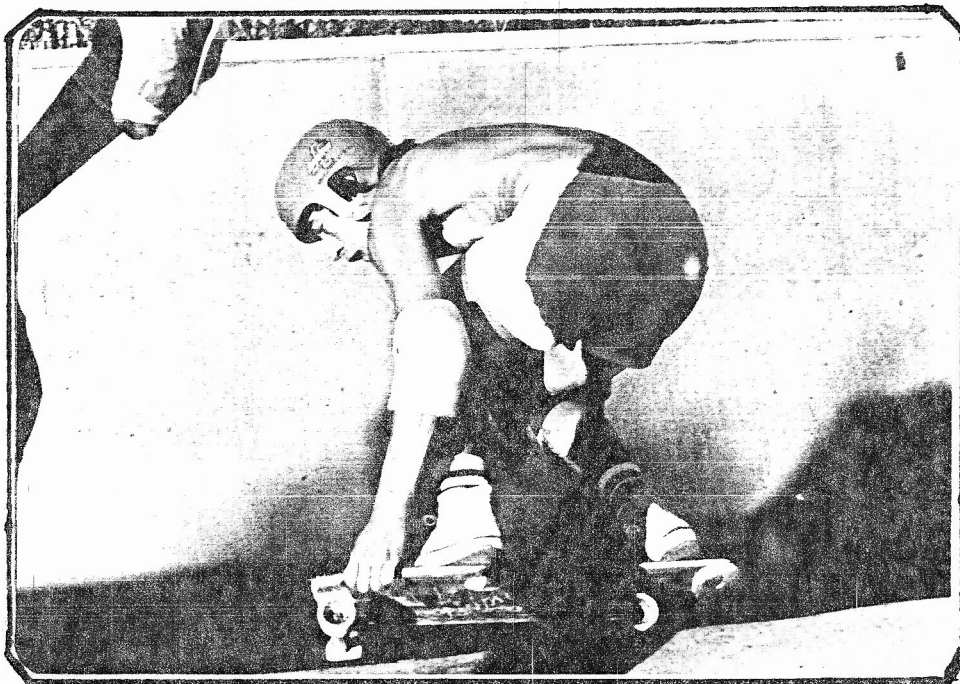

There's a new skate shop in Sunnyvale, called SESSIONS. Joel Gomez, owner, is an old time skater, and now a snowboarder. SESSIONS has a good inventory. They sell a full line of skate equipment, they also sell surfboards, snowboards, wetsuits, and skate shirts! SESSIONS is located on the corner of Fremont Ave. and Saratoga-Sunnyvale Rd. When you go there tell Joel his shop rips!

S.O.B. QUESTIONS:

Send your answer in, whatever it may be. Don't forget to include your name. Best answers will be printed in the next issue.

- 1) Why did the skater cross the road?
- 2) Why are skaters a minority-meaning why do we get so harassed from every one?
- 3) Which do you prefer-why? Thrasher or TWS

One reason why a lot of people don't contribute is the price of developing pictures. I never took a lot of pictures before I found York Color Labs. These guys are cheap! For developing and processing of 35 mm 24 exp. it's only \$2.16! York only takes color film, so if you take pictures for a contribution make sure the're clear and bright. If your interested in York write to them and they'll send you an envelope with prices.

Flanagan Banks is a good place to learn some street and ramp moves. It's located on the corner of N. First St. and Tremble Ave. in San Jose. Stinch consists of many asphalt halfpipes with a curb on the top of each transition. The curbs are good for a lot of moves, like rock 'n' roll sliders. The best time to go is on the weekends, because hardly anyone is working. The banks are part of a loading dock, so if you go during working hours there might be trucks in the way and they might bust you. The only problem is that it is located across the street from a stinch were they slaughter cows! To get there from downtown San Jose take bus #75. If you think your on the wrong bus, don't worry. Flanagan Banks is out in the boonies.

MISSISSIPPI

The scene here is growing constantly. We have a 10' tall, 16' wide, 14' flat $\frac{1}{2}$ -pipe, 3-quarter pipes (various sizes) and two 40' long $4\frac{1}{2}$ ' tall banks. We have lots of good street spots and all our ramps are on Leyton's tennis court.

JAKE Meggers

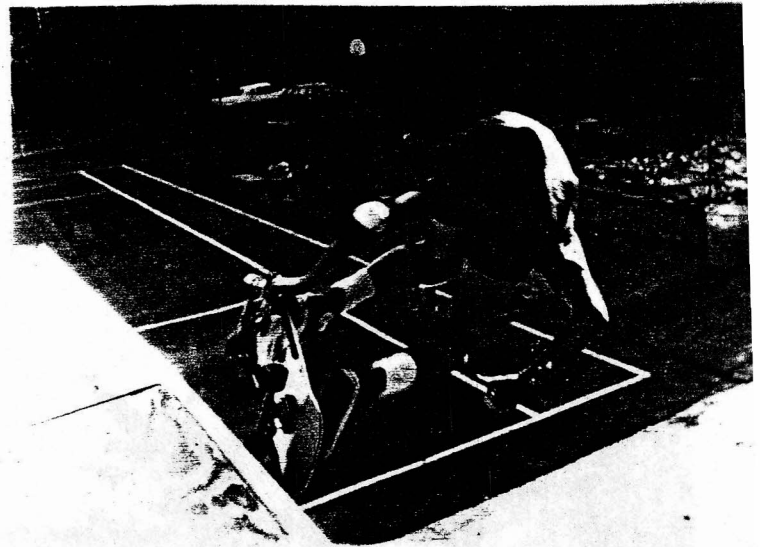

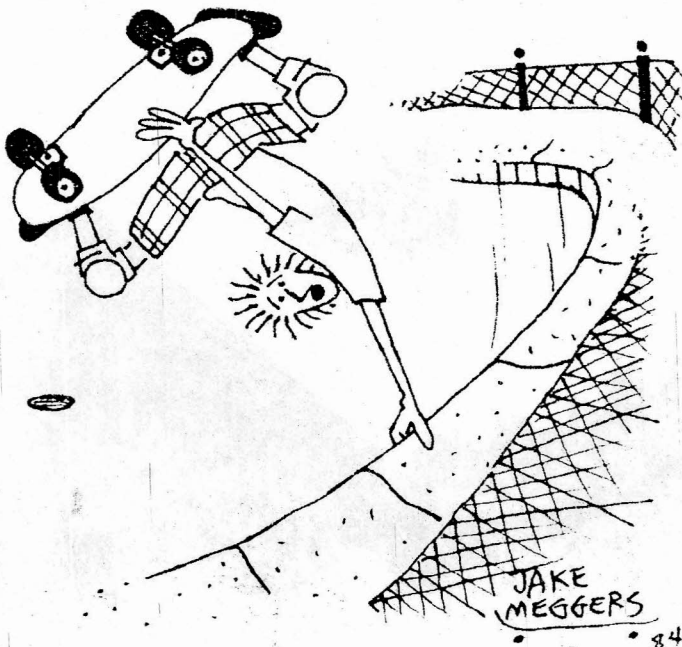

Jake has a mag that is a real fun to read. It is called United Skates of America. This mag is worth the price (50¢) BECAUSE it's not a mag out to make \$ (like some mags) it's out to spread the sport of SKATING. My congrats to the STAFF. GOOD JOB. So send 50¢ to ...

SKATE AND CREATE

Skate to live
Skate or die
These are the mottos
That we live by
Cruisin down the street
Or an intense session
Skateboarding saves
Our minds from depression
To preserve our art
We thrash and grind
To live for that moment
Our lives are "Da Kine"
It's a ritual experianced by the chosen few
It happened to me, let it happen to you!
